ABOUT THE EVENT AND HUMMINGBIRD FUND

The Hummingbird Fund will partner with Starr Hill to take on ALS on August 5, 2023 with a dual-location event. We will celebrate the release of Starr Hill's new Ales for ALS brew, Hummingbird Ale, at the Charlottesville and Crozet tap rooms. The event on Saturday, August 5 will support vital ALS research at the ALS Therapy Development Institute (ALS TDI). By sponsoring this event, you'll be enjoying great beer, great entertainment, and supporting an even better cause – research to end ALS.

The Hummingbird Fund is housed within the Charlottesville Area Community Foundation, and was founded in 2021 by Jim and Peggy Plews-Ogan. The organization serves as an accelerator for innovation in ALS research, advocacy and overall functional support, via stable and sustainable partnerships that are patient/family centric and kind. **If you'd like information about sponsoring multiple upcoming Hummingbird Fund events, please email hummingbirdfund@gmail.com.**
